I don't want to hear it.

What's wrong…?
Did something happen?
Did I do something…?
You were suddenly-

Because I won't meet you again

No
There's no need to fix anything

When I see your face,
I get disgusted

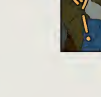
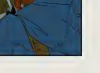
SHI!

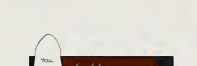


Do you think I'll just say yes and let you have everything?
There's no...
THERE'S NOTHING I'D GIVE TO YOU!!



Mac!
You're trembling with the fear of death.

You...
You were the one who told me not to let fear control me when I was all alone.



Even though I was having a rough time, I relied you.
I wanted to be your strength, too.

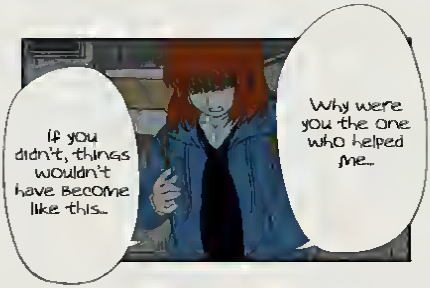
You never asked for anything in return.
We just were able to see each other's smiles.

MY MOM GOT HURT TO PAY FOR WHAT SHE DID WRONG!?

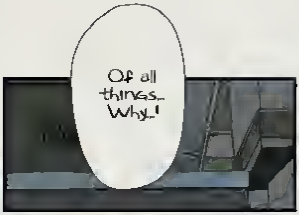
BUT YOU!
We took money?
I'm a prostitute? We forced your family away?

Ah...

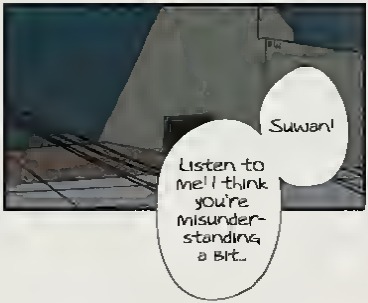
I'm sorry...



Why were you the one who helped me...
If you didn't, things wouldn't have become like this...



Of all things... Why...!



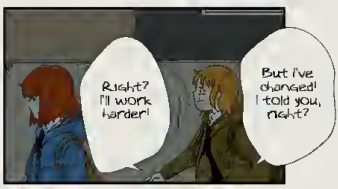
Suwan!
Listen to me! I think you're misunderstanding a bit...

You want to clear your own name?

So?

In the beginning.. it was just as you said..
But I don't know about your mom paying for what she did wrong or you being a prostitute..?

See?
You can't say anything



Suwan Bleghhh...

Suwon!

Now... I know the reason!
I thought that if I waited here, I could meet you one day
I thought I was a bother, but
I couldn't contact you at all
You weren't at home either
